

CANDIDATES WELCOME

Electronics Technician (m/f/d) Devices and Systems

We develop insights- for the health and life of people

We are a leading, future-oriented young company for biosensors and digital diagnostic platforms. We build the core competencies of our company on the qualifications of our employees and their many years of practical experience. At our location in Berlin-Adlershof with about 30 employees we develop and produce a novel digital diagnostic platform for rapid antibody diagnostics and soon also revolutionary DNA rapid diagnostics.

We address industrial companies, laboratories, physicians, clinics and pharmaceutical companies that require timely results and reliable statements in the field of immune and targeted DNA diagnostics.

The company is constantly growing and we are expanding our sales department. Immediately we are looking for a **Electronics Technician (m/f/d) Devices and Systems**

Your tasks

- Assembling printed circuit boards and creating layouts
- Maintenance of our 3D production
- Assembling, testing and maintaining laboratory equipment (precision mechanics, microfluidics)
- Manufacturing and assembling precision mechanical components
- Analyzing faults and testing components

Your profile

- Completed training and professional experience as an electronics technician, precision mechanic or comparable training
- Knowledge of control, regulation and measurement technology
- Experience in material processing of plastic and metal and ideally in handling CNC

Your personality

- Independent, precise and structured way of working
- Pleasure in practical laboratory work as well as in handling equipment and software
- Team player with passion for innovative and interdisciplinary work

Our offer

- A great team in a company that is on a very successful path
- Personal and professional career opportunities
- Benefits such as company pension plan
- Free drinks (coffee, tea, water) fruit and vegetables in the office
- Possibility of mobile working
- Freedom to develop and implement your own ideas
- Attractive compensation

A dynamic and innovative working environment in the heart of the biotech scene in Berlin-Adlershof

If you would like to be part of something big and you see yourself in the profile, we look forward to receiving your complete application documents with earliest possible starting date to Sabine Massenkeil-Kultus, career@inventicsdx.com.
